Why this change is occurring

The Survey Control Network (AHD) status was replaced by Level-Adjusted AHD status during the LASSI 2.16 release. This change was necessary to maintain the naming convention between VMPOSITION and LASSI-SMES.

Where:

- AHD means Australian Height Datum.
- LASSI means Land and Survey Spatial Information, a free online web mapping application that can be used to find a parcel of land or property. URL: maps.land.vic.gov.au/lassi
- SCN means Survey Control Network.

Who will it affect

This change will affect all users of Vicmap Position - Survey Control.
