Amendment notes

This amendment explains the revision of Vicmap Change Notice #288.3 published 21/10/2022.

1. Revised integration dates and additional resources available as interim support to customers. The revised Vicmap Change Advisory Notice #288.4 is provided below.

What is happening

This change notice alerts customers to a new web page that will now contain the updated Vicmap spatial upgrade schedule. Customers are encouraged to check this page for the latest information about the order and progression of the Vicmap spatial upgrade.

Access the Vicmap spatial upgrade schedule [here](#).

As we progress with the upgrade, Vicmap customers can [request access](#) to a pre-upgrade version of Vicmap data for their area of interest.

Land Use Victoria is making this unmaintained data available as a measure of interim support for customers who may not be ready to transition to the upgraded version of Vicmap data for their area of interest.

Please be aware that the pre-upgrade data is a snapshot in time, and as such, is not maintained by Vicmap.

Why this change is occurring

We are updating our customers about the Vicmap spatial upgrade schedule. The aim is to provide customers adequate time to prepare for forthcoming changes to Vicmap.

Who it will affect

This change will affect all Vicmap customers who utilise data for the local government areas undergoing the spatial upgrade.
