

# Coordinated Imagery Program Expression of Interest form

2022-25 DTV State-wide Satellite Tasking service

## About this application

This application is for lodging an Expression of Interest to acquire satellite imagery through the **2022-25 Digital Twin Victoria (DTV) State-wide Satellite Tasking service** with the Department of Transport and Planning (DTP)'s Coordinated Imagery Program (CIP). For other projects, please use the general Expression of Interest form.

## Primary point of contact

Please designate a single primary point of contact for this project. In the event that you are or will be using a flexible workplace arrangement (job share, taking extended leave, etc) during the project you may include multiple points of contact. In these circumstances please try to keep us informed of the details (e.g.: part-time days, handover dates).

## Technical specifications

The **DTV State-wide Satellite Tasking service** offers both optical and radar Synthetic-Aperture Radar (SAR) satellite tasking at various resolutions.

### 1. Intended use

Please provide information on the intended use of the imagery, such as asset monitoring environmental management or change monitoring. This information is used by CIP to offer technical feedback on project plans and to assess the benefits to DTV. Please provide as much information as possible as it will assist with a more appropriate product and a higher chance of getting funded by DTV.

### 2. Area / location\*

Please describe the location of the project area, possible information to include:

- Project area
- Area in km<sup>2</sup>, etc

Extent file supplied (please specify filename)
